

I do not want LPFM stations to take priority over current FM translator services. National services such as K-Love serve a great public interest. K-Love supports family values and has a positive and encouraging impact on communities across America. It provides news other beneficial services such as inspirational music and messages. It is listener supported and would not be on the air if the public didn't want it and financially back it. If K-Love was displaced by a LPFM station it would have a negative impact on the local community. Much of what we have come to depend upon day to day would be lost. K-Love is a good steward of their license and a valued part of our local community. They provide invaluable services for the residents of our community on a daily basis. Please keep K-Love and stations like it on the air.
